FEMA Extends Grace Period for Flood Insurance Renewal Premiums

Dear JULIA

FEMA has advised that they are extending the renewal premium payment grace period from 30 to 120 days.

We are entering flood season in unprecedented times as the Coronavirus continues to create uncertainty for us all. To help serve NFIP customers facing financial hardships, FEMA is taking proactive steps to support policy-holders during a time that many are experiencing financial hardships related to the current health crisis.

The extension allows policyholders additional time to pay their flood insurance premiums while ensuring their policies are not cancelled for nonpayment of premium.

National Flood Services will continue to operate in compliance with FEMA directives and will provide updates as additional information becomes available.
